6. Q: If I commit to work as a paramedic for an employer that is not EMCI (e.g., NSHA, operator outside of Nova Scotia), do I still qualify to receive the paramedic tuition bursary?

A: No. The current Paramedic Tuition Bursary Program is designed to only support PCP students who commit to work full-time for Nova Scotia's ground ambulance paramedic workforce operated by EMCI.

A: Current eligible students who have paid their tuition in full and sign a return of service agreement with EMCI will receive the incentive via payroll deposit following the completion of the onboarding process with EMCI.

Current eligible students who have not yet paid their tuition in full and sign the return of service agreement with EMCI may receive the bursary at the time of their next tuition installment. Payment would be provided directly to the educational institution.

9. Q: What are the requirements of the four (4) year ROS Agreement?

A: Students who qualify and want to receive this bursary will be required to sign a Return of Service Agreement with Emergency Medical Care, Inc. (EMCI) committing to work full-time as a PCP in Nova Scotia for EMCI for 4 years following graduation from their eligible program.
